

PRODUCT RELEASE

GT Series 1 introduces a new product!

Heat Barrier - for bumpers/body panels

Heat barrier designed to keep the radiant heat away from body panels, driver, etc. Aluminized facing with an adhesive back. Very malleable. This is the same material we use on bumper covers used on cars with mufflers. Heat resistant to 425° F.

Available by the foot in 60" widths.

This product is distributed through: Glenn Yee Motorsports, LLC
